

Acoustic Door Holder Extension Bracket

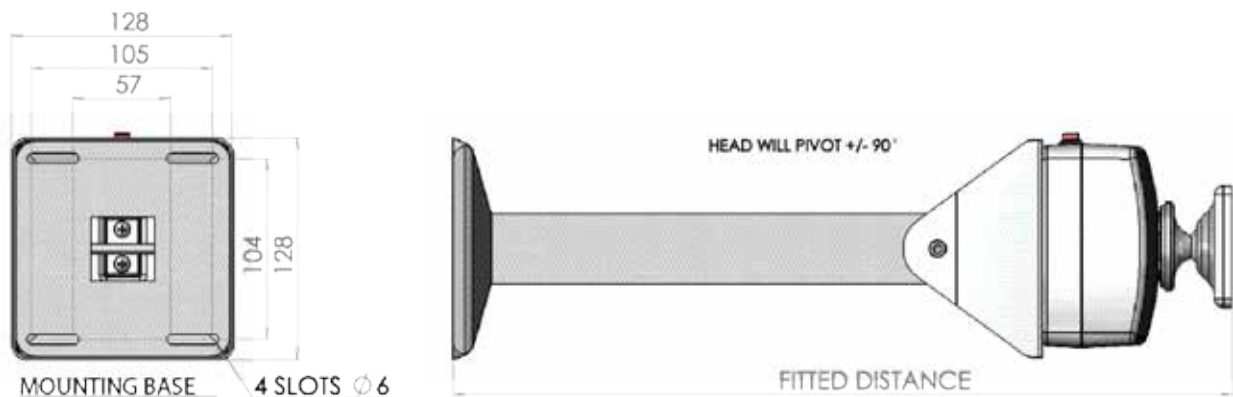

The extension bracket enables the Agrippa Acoustic Door Holder (ACC0005) to be used when there is no convenient wall to mount the door holder to. Mounting on the nearest wall or ceiling, the bracket comes complete with suitable fixings for the Agrippa Acoustic Door Holder, and in three lengths to suit the specific location.

Features

- Sheet steel construction
- Swivel bracket to allow mounting in any plane
- Powder coated white RAL9016
- Supplied with fixings to suit acoustic door holder
